DETAILED ACTION

1. Claims 1,11-21 and 24-88 are allowed.

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 22 and 23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 22 and 23 are indefinite because they recite "a first portion of dried air" and "a second portion of dried air" without any correlation to the identical recitations in claim 21.

4. Claims 22 and 23 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

5. The references listed on both the PTO-1449 and the PTO-892 show art of interest only, over which the claims define allowable subject matter.

6. Applicants' response to this Office action should also include the following editorial changes: page 1, line 10, the status of SN 09/571,897 should be updated; page 4, lines 20-23, the requested amendment thereof (amendment of 06/26/2003) appears twice, please cancel one of the recitations; page 10, line 10, "15" should be "16"; and, the paragraph bridging pages 10 and 11, at line 19 thereof, "reservoirs 18 and 18" should be "reservoirs 12 and 18".

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert H. Spitzer whose telephone number is (571)
